## Four Teenagers Held in Thefts

Four teenagers picked up about 2:30 a.m. Monday by the sheriff's office have admitted to a rash of petty robberies and have been released on \$1,000 bond each and bound over to the March grand jury.

Arrested were Donald (Tiny) Bosarge, 18, of Pearlinton and three Bay St. Louis youths, Ernest (Gus) Mitchell, 18; Robert Jerry Mitchell, 19; and Earl Oliver, 18, according to Sheriff Sylvan J. Ladner.

The youths signed individual statements admitting to a series of robberies in the Bay area. Bosarge and Ernest Mitchell admitted taking a box of spark plugs from a truck at Logtown seven weeks ago and after discovering that the plugs would not fit Bosarge's auto threw the box away. They also stated that approximately a week later they took a 50-pound sack of potatoes, 24 cartons of milk and a small carton of tomatoes from the front of the Bay St. Louis Winn-Dixie food store.

All four youths were implicated in the theft last week of 10 gallons of gas from a truck parked at Bay Ready Mix. The gas was placed in Bosarge's auto. Oliver, Bosarge and Jerry Mitchell admitted stealing a cardboard box of assorted green fruit from a local fruit orchard on Nov. 4.

Before their arrest early Monday, all four admitted taking a battery from a boat anchored at the Bay-Waveland Yacht Club and installing the battery in Bosarge's auto. At approximately 1:30 a.m. the youths stole two wheels and tires from a 1951 Chevrolet parked at Gulf Chevrolet Co. on U. S. 90 and took a jack, dry shaft and universal joint from a 1959 wrecked Ford. The joint was installed in Bosarge's auto and the tires and wheels sold for \$12. They then

went to Winn-Dixie where they stole two 50 pound sacks of potatoes, eight small cartons of tomatoes and two loaves of bread. They ate the bread and tomatoes and

### Bay-Waveland Scrapbook Tops in State

The coveted blue ribbon for the best scrapbook of any member club of the Garden Clubs of Mississippi, Inc., has been awarded to the Bay-Waveland club. It was announced this week.

The prize-winning volume was prepared by Miss Veronica Mohr, member of the local club, and records in many handsomely decorated pages the various activities of the group during the last year. Miss Mohr used many newspaper clippings, pictures and color photographs, adding her own artistic ability to create an especially interesting book.

### 4 Mishaps Listed in Past Week

Three accidents on U. S. 90 and one on Highway 43 occurred in Hancock County during the past week, according to Highway Patrolmen Fred Curet and William Kenny, investigating officers.

Hillery Odom of Picaune, passenger in a 1952 Chevrolet operated by Joe Smith Jr. of Nicholson, was seriously injured Tuesday when the Smith auto crashed head-on into a 1955 Diamond dump truck driven by James T. Fleming of Picaune. Fleming was headed north about three miles south of Santa Rosa and evidently came over into the path of the southbound Smith auto, Kenny said. Charges are pending. Odom suffered a crushed chest and was taken to Crosby Memorial Hospital, Picaune, then to the Biloxi Veteran's Hospital.

The Smith auto was declared a total loss and damage to the Fleming truck was estimated at \$150.

A one-half ton Chevrolet pickup truck transporting various power tools and driven by William O. Kemp of Slidell, La., contractor for Alexander's Motel now being constructed on U. S. 90, was destroyed when it caught

fire at the rear of Gulf Chevrolet where they were apprehended, according to the sheriff.

Ladner said the potatoes, fruit, battery, jack, wheels, tires and universal joint have been recovered.

Bosarge and Oliver waived hearings before Justice of the Peace Nolan Ladner Monday and the two Mitchell youths waived hearings Tuesday.

### Bi-County Fair Plans Are Pending

Plans for a bi-county livestock show and fair for Hancock and Pearl River counties are on the drawing board until final approval is granted by the Hancock County Board of Supervisors at their January meeting, according to County Agent Howard Simmons.

The supervisors must contribute \$1,500 a year with a guarantee that the county will remain in the agreement at least four years, Simmons said.

Representatives of both counties met Nov. 6 to lay groundwork for the proposed fair. Attending from Hancock County were Hardin Shattuck of Bay St. Louis and James Rester of Lee-town, committee members; John Smith, assistant county agent, and Simmons.

Minimum needs for the fair are a \$5,500 display building, approximately 30 x 100 feet, to show home demonstration and 4-H exhibits and an addition to the hog barn. Supervisor funds will be used to pay for the building during the four year period and later for county expenses. Simmons said it would take approximately four years to build up the fair and that the Picaune Chamber of Commerce would underwrite Hancock County's additional expenses until building expenses are paid. County donations will be used for necessary expenses during the four year period until funds provided by the supervisors can be used. Simmons added that if the bi-county fair was not agreeable to the supervisors a county fair could be held either at the county airport or North Central school using temporary facilities.

A bi-county fair will be cheaper in the long run, he said.

### Take Suspects At Toll Bridge

Two suspects in the armed robbery of a Biloxi couple were arrested about 11 a.m. Tuesday at the Bay St. Louis toll bridge by Pass Christian Policeman Alex Saucier and Whitney J. Carvin, former Pass police officer. The men were identified as John Rizzo, 55, and Nick Ricca, 36, both of New Orleans, by Mississippi highway patrol District Eight Inspector W. E. (Buck) Jacobs.

The men are being held for questioning in the robbery of Mr. and Mrs. Edias Langlins at their residence at 813 Lee St. at about 9:45 a.m. after gaining entry by flashing badges and identifying themselves as internal revenue agents.

A third suspect, Charles Genard, New Orleans, was arrested there yesterday.

## Vets' Day Celebrated By County

Several thousand students and spectators thronged the Hancock County Courthouse grounds Wednesday morning to celebrate Veteran's Day.

Guest speaker Albert S. Johnson III of Pascagoula, 9th District commander of the American Legion, Mississippi department, spoke of the history and honor of the Legion after a mile-long parade composed of representatives of the four county high schools, Boy and Girl Scouts and Legion officials had massed at the Courthouse.

Johnson commented that not a single generation in the United States has been able to avoid a war, and that the Legion was founded in 1919 after World War I as a representative of the veterans, war widows and orphans and the community.

The traditional two minutes of silence was observed in tribute to the dead.

Ceremonies included a flag raising by the Boy Scouts. Visiting bands in the parade were the Keesler Air Force Base Drum and Bugle Corps and the Ocean Springs High School outfit.

## Dunbar Ave. School Athletic Area Eyed

Long range plans for a football field and baseball diamond on the Dunbar Avenue school property were discussed by the Bay St. Louis Separate Municipal School District board of trustees meeting last Thursday.

City Commissioners J. Cyril Glover and Warren Traub met with the board to assist in developing plans for roads to provide adequate access for the public during athletic events. Trustee R. L. Hamilton reported that Henry Chapman, who owns some adjoining property, offered to dedicate a strip of land if the school would dedicate an equal amount to provide one roadway.

It was pointed out that while the roads may not be used for some years, it would be wise to obtain right-of-ways now before the land is developed and run the risk of being unable to acquire the land. Hamilton was delegated to talk with Chapman regarding an option.

Superintendent Joe D. McCullough was authorized to borrow \$4,875 to purchase a new school bus which will be repaid from funds received from the State Educational Finance Commission.

Two bids were considered for a chassis, the bid of Superior Sales Co. of Kosciusko for the

body having been accepted at a previous meeting. Bay Motors bid \$2,123.16 for a 220-inch wheel-base chassis and Gulf Chevrolet \$2,151.62 for a 225 1/2-inch wheelbase and it was decided that the Chevrolet was more suitable for the purposes intended and the bid was accepted.

McCullough reported he had received a number of calls about the annual Mardi Gras parade. He said he was definitely in favor of the parade but that it was too much of a project for the teachers to handle alone and help was needed from parents.

President Wayne Alliston suggested and the board concurred that a letter be written by the board commending band leader Marcel LaNasa on the excellent performances given by the Tiger band.

## Find Missing County Man Dead of Exposure

Services were today in Picaune with burial in Gainesville for Alvin Schulthesis, 49, who died Saturday night approximately four miles from his home in Gainesville from exposure.

Schulthesis was discovered by his sister-in-law, Mrs. Charles Schulthesis, yesterday after searching parties numbering 50 persons at times scoured the surrounding woods and swamps. He was last seen Saturday and a searching party was organized Tuesday when he did not return home. Schulthesis resided with his brother and was in the habit of taking short trips.

A lifelong resident of the area, he was employed as a car-

pent and bricklayer.

An inquest conducted by County Coroner Emile Piazza attributed death to exposure. Jurors were Greyson Miller, J. C. Schubert, Joseph Bennett, William Dean, Hubert Miller and Norman Ott. Temperatures the night of his death were reported below freezing.

He is survived by a son in New Orleans, three brothers and two sisters, all of Gainesville.

## Drake Will Is Probated

A bequest of \$2,000 to worthy charity selected by his executor was made by the late E. S. Drake in his will filed at the Court-house Friday.

Mr. Drake's brother, W. M. Drake, was named and has qualified as executor without bond as requested in the will. An estimate of the value of the estate will be made after an inventory of the real and personal property is taken.

Bulk of the estate was bequeathed to Mr. Drake's brother and sisters, Mrs. Janie D. Cooper and Miss Claribel Drake in equal shares.

Other bequests are Mrs. Annie S. Acker, a sister-in-law, \$5,000, \$6,000 to the executor for his services, and a sister-in-law, Mrs. Maude S. Smith, \$2,000. It was requested that remembrances be given to Helen Marshall, Mary Elba Campbell, Manda Powell Price, Katherine Simpson and Virginia Wells.

## Supervisors Inspect Roads; Get Truck Bids

Awarding of bids on two short wheel base trucks with cab and chassis and inspection of three blocked access roads occupied the board of supervisors at its meeting Monday morning.

Final selection of the site for the proposed \$24,000 county health center was postponed until Nov. 16 when a complete price report on available land will be obtained.

A low bid of \$3,510 per two ton truck with eight cylinder

engine from W. A. McDonald and Sons, agent for International trucks, was accepted. Only other bidder was Bay Motors, Inc., which gave a price of \$3,578.06 for a 1960 Ford F-600 truck.

Both firms submitted alternate bids for a six cylinder engine truck. McDonald and Sons offered a deduction of \$50 from their \$3,510 price and Bay Motors, Inc. gave \$3,497.

Delivery of the two trucks will be made within six weeks, according to a spokesman for McDonald. One truck will be billed to the Seawall Fund and the other to the Beat 5 Fund.

First payment on the new health center was approved after Architect Fred Wagner presented statements for \$200 for professional services and \$720 for one half of fee of six per cent of the estimated \$24,000 construction cost. Both statements were in accordance with the board's contract with the architectural firm.

Individual hearings will be scheduled Nov. 16 on the three blocked access roads examined Monday morning. Sites examined were on the Bayou Galere Road running from U. S. 90 to the old Kilo Road; a road joining Davernay Subdivision and Fortier Street in Beat 5; and one leading from the house occupied by Curvis Ladner to the

## Time Runs Out in Water Case

The last obstacle to upward revision of rates for the Clermont Harbor Waterworks was cleared when opponents of the hike failed to appeal the Public Service Commission's tacit approval within the specified time.

That was the word today from Walter James Phillips, attorney for the waterworks who has been notified that the time for opposition has expired. A motion for rehearing on the PSC approval of the revision was filed Sept. 8. Under the law it has 20 days to grant or refuse the application and failure to act is deemed refusal of the request.

After that refusal, Phillips explained, opponents have 30 days to appeal the decision and that period has lapsed now.

## Hazlehurst Success Story Topic for Chamber Meet

Wise, youthful auto dealer who played a leading role in the Success Secret Hazlehurst, will be guest speaker for the annual business meeting of the Hancock County Chamber of Commerce next

session will get under way at 7:30 p.m. at the Bay-Waveland Yacht Club and reservations for the shrimp dinner may be made by calling Mrs. Mabel Green, chamber secretary, at HO7-4252 before Friday, Nov. 13.

Three new directors will be elected at the meeting and nominations are now being received through letters mailed to the membership. Names of the six persons receiving the highest number of votes from this preliminary poll will be submitted at the meeting with three to be chosen from them.

Wise will discuss in detail the methods used by his town of Hazlehurst to stimulate its growth and bring in industry, thereby benefiting the community.

Less than three years ago, this Mississippi community some 35 miles south of Jackson was hearing the stage of a ghost town until businessmen and civic or-

## 1775 and All That

On Wednesday a special event was the parade in honor of Veteran's Day, sponsored primarily by Clement R. Bontemps Post 139 of The American Legion. In honor of all veterans it should have a deep meaning for all, and in the specific instance for all veterans of Hancock County.

On Tuesday occurred another special event, although with no local relationship except the large number of local persons who are ex-Marines.

With the so-called unification of our armed forces, a kind of integration as anathema to most Marines as school integration is to most Southerners, the Marines lost official sanction to openly celebrate their birthday with parades, etc. They had to join in with large-sized baby sister, the Air Force and almost-as-old Navy and Army in Armed Forces Day.

Unification is now a dead issue. It's result perhaps was inevitable. The Echo believes it was an illustration of the present political attempt to make all alike, to disbelieve in any corps elite and to hurt morale generally. Before unification the Marine Corps, with many more volunteers than they needed, was forced to obtain its personnel through the draft.

That notwithstanding the official pressure, stemming from the political influence of its more numerous colleagues in the armed forces, the Marine Corps has maintained its position as a corps elite is remarkable. For this reason, contrary to policy, we are printing on this page a hand-out release dealing with the Marine Corps.

Hats off to all the services; hats off to the American Legion; but a special salute to the United States Corps of Marines.

## New School's Name

The Echo understands that the Separate Municipal School District's new school is scheduled to be named Dunbar Avenue Elementary School. Considering its location on Dunbar Avenue, it is understandable that this name be one's first thought.

There is another factor, however. Throughout much of the South, Dunbar associated with a school automatically indicates that the school is non-white. Ours will be white.

If only to save embarrassment, we suggest a reconsideration of name.

Seems that when the statistics favor LSU, even if they lose, at least one area daily gives them big play. In case you missed last week's statistics on the loss to Tennessee, they are printed on this page.

With the increase in wholesale rates for gas, suspect the Bay is in for a retail raise, though not as steep as Waveland recently had to take.

The last Chamber of Commerce dinner was sold out, and many had to be turned down. If you want to go, reservations will be accepted until noon Saturday, if not a sell-out before then.

As a result of a clinic on newspaper make-up held last week at Natchez, the home of You-Know-Who, the headlines on the editorials are larger this week. Should we follow the experts' advice, more changes are in store.

### THE REASON BEHIND IT

The teen-ager who cannot write two consecutive sentences without errors in spelling and grammar, appears to be fair game for adults. The poor writing is deplored, and the schools are blamed.

There is some justice in this. Certainly there is ground for complaint about students' slovenly use of their native language. But adults who indulge in criticism of this kind had better think about some of the causes.

They had better remember, for example, that their own poor handling of the language has its effect on teen-agers. They also should bear in mind that an English teacher with 150 or more pupils cannot assign enough writing - not with any hope of correcting it - to provide really thorough training. If that is to be done, there will have to be more teachers, and that means more money for education.

It is easy to say, "Why can't they teach the kids to write decent?" It is hard to face up to some of the reasons behind this state of affairs. —COLUMBIA COMMERCIAL DISPATCH.

Today is a special day for U.S. Marines. It is the Corps' 164th birthday.

Marine Corps had as its original mission to sail with the fleet to any part of the world where action warranted, or remain ready to sail from home bases.

The mission has not changed.

Known as Leathernecks, spoofingly as Gyrlines, the Marines earned their proudest sobriquet from German troops in the World War. The Germans called them teufel-hunden-devil dogs.

There has been no finer fighting force in history.

## Bay Business Gain Third in Base Period

The Biloxi-Gulfport district during September reported a 16 per cent increase in business activity over the same month a year ago, according to The Mississippi Business Review.

The district as a whole showed business up 185 per cent over the 1947-49 base period.

Biloxi reported business 214 per cent above the base. Gulfport, 172; Bay St. Louis, 146; Pass Christian, 104; and Piquette, 103.

## County Agent Notes....

### CORN NOTES

Get that corn out of the fields as soon as possible. The longer you let it stay in the field, the more damage you will have from rot, rats, insects and birds.

After harvesting, protect it from rats. If possible, rat-proof your cribs. If you can't rat-proof them, put out poison for rats. Weevils are bad this year, so you had better treat the corn for weevil control. Find out about the lindane-cottonseed hull method of weevil control. Come by for information. The phone number is HO7-4631.

As soon as the corn is harvested and the field grazed out, shred the stalks to help control erosion, cause them to rot faster and help reduce numbers of insects over-wintering.

### ENTOMOLOGY MEETING

The sixth annual Mississippi insect control conference will be Jan. 7-8 at Mississippi State University. Mark your calendars now and be sure to attend.

### WEED CONTROL

Dock came up early this fall and much of it did not die down during the summer. November spraying will be needed on many farms this year.

One pound of 2,4-D will clean up a dock area. When spraying make sure the temperature is above 65 degrees.

Remember, 2,4-D will kill crimson clover, winter peas and red clover. So spray only areas where cereals or white clover are growing.

### CATTLE LICE

Don't let the lice steal your cattle or dairy profits. These blood-sucking pests can cause a terrific drop in milk production and in weight gain on fattening animals.

You can get rid of them. Come by or call this office for a copy

Standard Road. Another step in city-county co-operation was taken when the supervisors purchased half of a \$750 advertisement scheduled for the Jan. 17 inaugural and industrial issues of the Jacksonnews-papers.

F. O. Schroeder, representative of a publishing firm, explained that Bay St. Louis officials had agreed to purchase half of the advertisement.

Review of a map showing the results of an interstate highway commission survey showed urban limits in Bay St. Louis had been extended to include areas to the north and west. Board Attorney Sam Favre Jr. explained that the urban areas shown on the map would be bypassed in the event of a major interstate highway coming through the area.

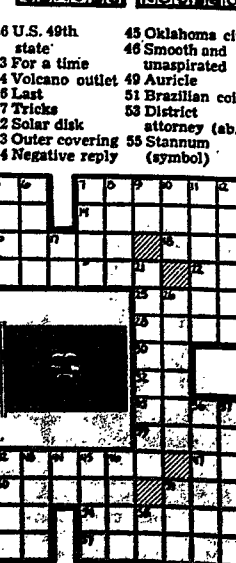

### AIRMAN OF MONTH

Airman Second Class John L. Gonzales who is with the security offices of the Air Force at Tokyo, Japan, was chosen Airman of the Month at his base. A graduate of Bay High School, he entered the service three years ago and is the son of Mr. and Mrs. Sidney F. Gonzales of Bay St. Louis.

# Marine Corps Records 184 Years of Valor This Week

Today is a special day for Marines. The special day for all U. S. Marines, everywhere. For on Nov. 10, 1775, a corps of "soldiers of the sea" began their history. It has been a history of high-adventure in "every clime and place," a history in which every Marine and former Marine is justifiably proud, a record of victorious achievement that should make every American citizen proud.

In those early years, the mission of this band of spirited fighters was to sail with the fleet to any part of the world where action warranted their power, or to remain ready to sail from their home bases. This mission has not changed. Today, your Marine Air-Ground teams are with both ocean fleets and in every vital strategic location in the world. All three Marine Air-Ground Divisions are constantly on the alert to dash to any specific area when called by the President.

This readiness was demonstrated twice recently. When the crisis in Lebanon in July of last year called for fast action, Marine Air-Ground teams went ashore in that country within four hours after being called and had "the situation well in hand."

Speakers on the oneday program include a cattle man, expert station researchers and extension workers.

Their mere presence in that tension-laden country prevented the crisis from erupting into a major catastrophe. A few months earlier when the safety of this country's Vice President Richard Nixon was threatened, the Marines were always ready to be shot to avenge a wrong.

### City Echoes

Dr. and Mrs. John Griffin will be in Baton Rouge this weekend to attend the LSU-MISSISSIPPI State football game.

Attending the Mississippi Southern-N. C. State game in Mobile last weekend were Mr. and Mrs. B. G. Harriel, accompanied by Mr. and Mrs. Donald Hendley and daughter, Bonnie, from Piquette.

Mrs. S. K. Kepner was in New Orleans last weekend to visit her son, Dr. S. K. Kepner Jr., going especially to attend the birthday party of her granddaughter.

Mrs. E. C. Samuel will spend next week in Nashville, Tenn., where she will be the guest of Mr. and Mrs. Seymour Samuels Jr. Her hostess is the former Miss Essie Wenar and was widely known here.

Arthur Chapman and his sons, Pete and Tommy, and his daughter, Ethel, motored to New Orleans Saturday to attend the wedding of his niece, Miss Karen Ann Chapman, to William Chauvin. The bride is the daughter of Mr. and Mrs. Frank B. Chapman of that city.

Marine Pvt. Richard K. Chapman, son of Mr. and Mrs. A. J. Chapman Jr. of 117 St. Charles, was graduated Oct. 28 from an intensive four-week infantry training course at Camp Lejeune, N. C. He is expected home on leave later this month.

Representing the local

Knights of Columbus at the anniversary celebration of Bishop Richard Gerow in Natchez last weekend were Albert Grass sr. and Ivan Bradford, both 4th degree members.

Mr. and Mrs. Dan M. Russell Jr. will be in Memphis, Tenn., this weekend to attend the Ole Miss-Tennessee football game, joining friends from elsewhere in the state for the occasion.

Mrs. Dan M. Russell Jr., accompanied by the Misses Dona Wiggins and Nita Kay Erwin, motored to New Orleans Sunday for a dancing workshop.

### B-WYC Auxiliary Discards Luncheon

The Bay-Waveland Yacht Club auxiliary will not sponsor a luncheon this month because of lack of interest and cooperation on the part of the members, Mrs. A. O. Hoefeld, president, announced this week.

"Attendance at board meetings each month has fallen off to a bare minimum," the president observed. "Usually, only members of the board attend meetings. This fact has caused the executive board to decide to stop having these monthly luncheons. The board members feel that unless members of the auxiliary display more interest, it is pointless in continuing the organization."

Mrs. Hoefeld indicated that auxiliary members would be contacted within a few weeks before the auxiliary is disbanded.

## There'll be GAS for You and Industry, Too!

The search of new supplies of natural gas goes on and on. Geologists and geophysicists look for promising areas... use all of their skills to determine the best location for drilling. Then the drillers go to work, probing thousands of feet into the earth in a day-and-

night search for gas or oil. United's own producing company drilled or participated in the drilling of 70 wells in the first nine months of this year. United Gas, a producer, transporter and distributor of natural gas, is the largest handler of natural gas in the world.

### Deaths...

(Cont. from Page 7.)

She is survived by a son, Joseph H. Dillon, of Miami, two grandchildren and one great-grandchild.

Interment was in Metairie Cemetery.

### Felix Bourgeois

A requiem mass was said at 7:30 a.m. today at Our Lady of the Gulf Catholic Church for Felix Bourgeois, native of Waveland and resident of Mobile, Ala., for the past 40 years who died at 9:30 p.m. Tuesday in Mobile.

The son of the late Mr. and Mrs. Camille Bourgeois of Waveland, he is survived by four sisters, Mrs. Gus Germanis of Biloxi and the Misses Florence, Lucille and Frances Bourgeois of Mobile; and four brothers, Camille Jr., Vincent, Donald and Paul Bourgeois of Mobile.

## Legion Auxiliary Plans National Birthday Party

Plans for a buffet supper Saturday, Nov. 21, in observance of the American Legion auxiliary's national birthday were completed when the local unit met Monday night at the local unit home with Mrs. Gilbert Gayman, president, presiding.

The auxiliary will serve as hostess for the event with all Legionnaires and auxiliary members invited to attend. It will be the first joint party staged in the newly completed downstairs area of the Legion Home and will begin at 9 p.m. Entertainment will include a humorous skit and record music.

The auxiliary has announced that it will sponsor Girl Scout Troop 4 under the leadership of Mrs. Maurice Martin.

Mrs. Roger Reinke announced completion of the Veterans Christmas Gift Shop project and expressed appreciation to all members who donated items.

Urging members to pay their 1960 dues as soon as possible, Mrs. A. J. Pitalo Jr. and Mrs. Reinke, membership co-chairmen, reported the drive is lagging to date.

Mrs. Gayman announced plans for a Christmas party with exchange of gifts at the December meeting. Mrs. Robert Givens won the guest prize. Hostesses for the social hour afterwards were Mesdames Rene Bermond sr. and Dan Zeigler.

MISS HELEN FALLS  
First Baptist  
Sets Program  
On Missions

First Baptist Church is making available to its members and guests a special foreign mission program at 6:30 p.m. Friday conducted by Miss Helen Falls, associate professor of missions at New Orleans Baptist Theological Seminary.

From her life of interesting experiences which include foreign travel and speaking engagements, Miss Falls will share her missionary enthusiasm with those who attend this conference. She has earned graduate degrees from the Woman's Missionary Union Training School, Louisville, Ky., and Columbia University.

This program is opened to all interested individuals. The session, scheduled from 6:30 until 9:30, will be divided into two periods by a refreshment-fellowship time.

## Brownie Troop Has Services

Brownie Troop 101 of Waveland School Center held investiture ceremonies in the auditorium Wednesday with 11 girls receiving membership pins and promising to be good Brownies.

Miss Mary Margaret Turcotte, leader, opened the program with welcome to parents and friends. The audience joined in singing America. Judy Hayward told how the Brownies received their name, and Brenda Neacise related the Brownie Story. The program was climaxed by each new Brownie looking into the wishing pond and reciting the Brownie rhyme and receiving membership pins.

Invested were Charlotte Carswell, Elaine Chagnard, Christine Dorn, Deborah Fayard, Ella Nora Schoenmaker, Karen and Sharon Poolsoon, Vickie Lankford, Kathy Epperson, Kathy Moore and Judy Hayward.

Brownies assisting in the ceremonies were Brenda Neacise, Linda Gayle Perdue, Jackie Ferrell and Gennette Toomey. Refreshments carrying out in the Girl Scout motif of green and white, were served by the mothers.

## Trailer Driver Escapes Injury

Sterling C. Sudareth of Houston, Texas, escaped injury Friday when the tractor-trailer he was driving ran off Highway 11 nine miles south of Plaquemine and overturned, according to investigating Highway Patrolman Bruce Yearwood.

Yearwood said the large vehicle was traveling north on Highway 11.

## Mayor Lauds Voter League On Formation

Mayor John Scaffide was guest speaker during the first general meeting of the recently reactivated unit of the Hancock County League of Women Voters last Thursday evening at City-County Memorial Library.

The mayor told the group he "was delighted that the league unit has been reactivated because of the great good that can result from such an organization."

He observed that both the city and the county benefited from work done by the league unit formerly.

A description of the framework of the Bay St. Louis city government was presented by the mayor. He outlined the duties and responsibilities of each city commissioner and explained briefly how the city government functions.

Robert Bateman, city planning authority of Mobile, was a special guest. He answered questions about city planning and pointed out that the federal government has funds available to municipalities of under 10,000 population for city planning and future growth.

The league unit will meet Friday at 9:15 a.m. at the home of Mrs. E. C. Samuel to continue its study of city government.

Cutcheon reported on their visit to the County Farm during October when they took gifts for those celebrating birthdays last month and refreshments for other guests. Also attending were Mesdames Abdon Ancker, Catherine Whitehill, Jack Wilson, E. A. Lindsey, Frank Stevens, W. C. Russo and William Monroe.

Plans for a Christmas party were discussed by the Cedar Point 4-H Club when it met Tuesday afternoon at the home of Millie Ling. Members drew names to exchange presents.

Millie opened the session with the 4-H Creed and Linda Merritt gave a demonstration on table setting. Mrs. W. P. Henderson, adult advisor, assisted the group. The next meeting was set for 4:15 p.m. on Dec. 8 at Linda Merritt's home.

## Shoulda Gone Fishin'

BY EDNE ENGELHORN

Sportsmen were more concerned with anti-freeze than fish Saturday but Sunday it appeared everybody who owned a pair of long-handled and a fishing pole was in a boat. A capacity crowd lined the banks of Bayou Caddy for miles and in some of the hot spots stiffs and hulls could be seen anchored end to end.

The old saying that bay, river and bayou fishing is at its best in this area after a cold north wind, proved true again for some but many had little luck. Running true to form, the contrary fish holed up Sunday when most folk were able to go after them but Monday those lucky enough to be able to get out came home with plenty. Reports show that the best catches are being made on live bait but lures are accounting for their share. The Sonar continues to be the favorite.

Local sportsmen are polishing their trigger fingers for the opening of the duck season at noon Friday, Nov. 20. Many businesses will be without managers as the boys take to the swamps. The starting line-up will include Alden Mauffray, Dec Elliott, Robert Genin Jr., Joe Kern, A. C. Mitchell, Jack Chevris, Lucien Kidd, Buck Buehler, Jack Ladner, Norvin Penrose, John Rutherford, Lucas Pucheu and Red Reineke.

Sam Favre Jr. took time out to get in a little trolling in the Jordan Sunday but met with little success. He says it has been so long since he fished the fish don't know him any more.

Attorneys Ray Stewart and Buster Keaton and their wives of Picayune were guests of Mr. and Mrs. A. C. Mitchell on a fishing excursion Sunday to the marshes. With the exception of some sheephead and reds, fish were scarce. The three stiffs lost contact and had to be rounded up a couple of times and Mitch says he "should have stayed in bed."

Horatio Favre is said to have caught some big green trout off the Jordan River end of the sea-wall.

Harold Zimmerman of Waveland caught 35 trout in Bayou Caddy Monday.

In the same spot Fred Bourgeois caught 50 specks weighing a total of 46 1/2 pounds. About half were a pound or more.

Using live shrimp, Claiborne Payard boasted 24 also in Bayou Caddy Monday.

Mr. and Mrs. Matthew J. Giebert report some good catches recently off the railroad bridge, bringing in an assortment of speckles, whites and channel mullet.

Walter Fox of Jacksonville, Fla., retired railroad (Seaboard) conductor, says you can't bet the fishing in Hancock County and comes here at least twice a year to fish. He caught three big green trout last week near Anselby but two big ones got away.

We regret that we overlooked giving Brother Godfrey of St. Stanislaus credit for the excellent action picture used in the Oct. 29 issue titled "Perfect Interference" and showing two Escambia blockers, taking out Ronnie Artigues. In our opinion Brother Godfrey is one of the best photographers in the area.

We also want to thank our friend Eddie Blatze who very kindly sits in the stands on occasions making a record of the plays while we try to get some action shots on the gridiron. A Stanislaus alumni, Eddie is a sharp spotter and has a vast knowledge of football.

The office atmosphere is very pleasant these days since Syracuse was voted top eleven of the country and we hope they stay there. (Our managing editor is an old grad.)

OPENING TONIGHT AT LITTLE THEATRE—Lo and Behold, a three act comedy by John Patrick, will open tonight at 8 p.m. at the Bay St. Louis Little Theater on Boardman Avenue for a three-night run. In a scene from the play are, from left Mrs. John Kovace, a disgruntled Indian ghost, Harriet Ward, a parttime maid mistaken as an illegitimate daughter, Phil Allison, a cynical eccentric, and John Kovace, a small time thug. Others in the cast are Mrs. Ezelda Ling, Gary Taylor, Curtis Matherne and Elmore Povall. The play is directed by Mrs. John Husband.

## School Menus

Menus in the lunchrooms of the Bay St. Louis Separate Municipal School District for the week of Nov. 16 are as follows:  
MONDAY—Navy beans and rice, carrot salad, crackers and peanut butter, bread.  
TUESDAY—Meat balls and spaghetti, beet salad, cooked apples and bread.  
WEDNESDAY—Hot dogs on buns with chili, potato chips, jello.  
THURSDAY—Oven fried chicken, parleyed potatoes, buttered corn, peaches, bread.  
FRIDAY—Shrimp creole and rice, tossed salad and cake.  
Milk and butter are served daily.

HIS LAST RUN—Joseph O. Attenhofer of Waveland and New Orleans is shown aboard the Southern Pacific's California Limited as he made his last run Sept. 29 before retiring as a railroad engineer after 49 years. He and Mrs. Attenhofer are building a home on Tide Street where they plan to spend a portion of their time. Friends and relatives honored him with a party on the occasion of his retirement.

## Final 33-0

## Tigers Top Greyhounds

The Greyhounds took the ensuing kick-off and started a march of their own but a terrific tackle by Jim Mayfield and the whole center of the line caused an Ocean Springs back to drop the pigskin and Bay High recovered on the Long Beach 40. A series of plays put it on the 20 and Watts carried from that point for the tally. Van Calsen ran for the extra point. At halftime the Tigers were ahead 19-0. It was nip and tuck throughout the third period but early in the fourth, with the ball on his own 20, Watts found a hole in the Greyhounds' line, streaked through and waltzed the length of the field for the fourth tally, his second of the game.

Varying their offense, Bay High scored again in the final minutes by taking to the air.

finished its season with a 7-0 record. In conference play, the Tigers were at the hands of the Long Beach team in the first round. The first round was 7-0 with Bay High scoring the winning point. The Long Beach team was working hard and even the score. The game was in favor of the Long Beach team but several of the players returned to the game.

dominated the game in the first half. The Greyhounds scored twice in the second and fourth quarters. The opening kick-off was by the Greyhounds' 15 from the 30 yard line. The try for the first point was good. The Greyhounds' offense continued in the second quarter, scoring twice in the first half. Peterson scoring on a quarterback.

## Rhodes Shows Gains for SLC

Willie Rhodes of Bay St. Louis, former St. Stanislaus football star, is one of the leading ground gainers for Southeastern Louisiana College according to statistics released this week by the college.

Playing right halfback, Rhodes returned three punts for a total of 45 yards. He carried 34 times from scrimmage gaining 140 yards and lost 11 for a net gain of 129 and an average of 3.8. He returned one kickoff 24 yards. He scored two points on one point after touchdown run and intercepted one pass.

## PCI Sets Tourney On Sunday

One of the major golfing events of the fall season will be the 5th annual invitational tournament scheduled this weekend at Pass Christian Isles Golf Club with men and women amateurs from the coast and neighboring states slated to take part, according to Woody Waggoner, tournament chairman.

The course will be open Saturday to registered non-members for a practice round and a barbecue from 7 to 9 p.m., will precede the tournament proper.

Classes are based on certified handicaps. Men with handicaps of 12 and under will compete in Class A, from 13 to 17 in Class B, from 18 to 24 in Class C and from 25 up in Class D.

A nine-hole senior division is scheduled for those 60 years and over. Women with handicaps of 12 and lower will be in Class A, from 13 to 19 in Class B, from 20 to 26 in Class C and from 27 up in Class D, limited to nine holes.

## Hawks Score 2nd in Row Over McNeil

Picking up speed as the game progressed, the North Central basketball squad made it two in a row over McNeil Friday night in McNeil's gym to the tune of 50-27.

The McNeil quintet played hard and in the first half appeared determined to avenge last Tuesday's defeat. They held the Hawks to 8 points in the first period to McNeil's 2. In the second quarter each team scored 9, the Hawks maintaining a relatively slim 6-point lead at the half.

Coach James Johnson's halftime pep talk was effective and the North Central lads came back to chalk up 33 points in the second half to McNeil's 16.

Forward Douglas Necaise again led scoring with 21 points. Runner-up was guard Berlin Necaise with 9. Ulysses Ladner, C., scored 6. Donald Necaise, L., 4 and Calvin Shaw, L., 4.

For McNeil, Samuel McClint scored 10, Oliver Kennedy 6 and Walter Johnson 4.

The girls' quintet, having won the first game last Tuesday, met a stubborn McNeil squad and lost a tight game 14-13. Both teams played a strong defensive game and coach Orin Seals has been drilling the girls on offense this week for tonight's game with Savannah.

Forward Janelle Ladner led the scoring for North Central with 5 points. Birdie Camron made 3 and Bonny Peterson 5. For McNeil, Katy Cooper scored 10, Rosemary Scott 3 and Mamie Cooper 2.

The Junior Hawks, coached by Truman Schultz, ran away with their game against Logtown Friday 52-19, leading at the half

## Church Women Schedule Horse Show on Nov. 29

The Women of Christ Episcopal Church will sponsor a benefit horse show at Lazy Y Arena Nov. 29 at 1 p.m., Mrs. James Robert, general chairman, announced today.

With approximately 20 different events scheduled, the show promises to be one of the largest of its type ever presented in this area.

A special exhibition will be presented by the Jefferson Parish Drill Team, a group of crack riders noted for their exciting displays of horsemanship.

Miss Betty Younger, owner of Lazy Y Stables and coordinator of the show, reports entrance applications already are coming in from interested riders and competitors from both here and from neighboring states.

Trophies and six ribbons will be awarded winners in each of the classes.

Events scheduled are: quarter horses, halter class; Shetland ponies; adult English pleasure; adult Western pleasure; amateur Tennessee walking horses; five-gaited; Western equitation; parade horses; English equitation; stake races; Tennessee walking horses; Lazy Rebel Riders' exhibition; three-gaited; matched pairs; juvenile Tennessee walking horses; stock horse reining; barrel race, juniors; barrel race, seniors; jumping class; extra attraction, calf roping.

22-0. Top scorers were Berlin Ladner 16, Junior Necaise 6 and Eugene Ladner 6.

The girls' junior quintet won their game with Logtown 35-7. Leading scorer was Wendolyn Favre with 22 and Ledet Palmer with 13.

Tonight the senior boys and girls will entertain Savannah. Coach Johnson is expecting a tough game but has confidence in his lads. Friday night the junior Hawks will have their turn at Savannah.

Persons interested in entering the show may contact Miss Younger at Bay St. Louis. Lazy Y Stables are located one half mile off U. S. 90 on Kiln Road.

Admission for spectators is \$1. for adults, 50 cents for young persons over 12, and 25 cents for children.

## Rocks Face Crusaders Here Friday

Rated a six-point underdog by area sports writers, St. Stanislaus' Rock-A-Chaws are prepping for another tough gridiron battle Friday night when they clash here with the St. Aloysius Crusaders of New Orleans.

The Rocks had an open date last week and are in good shape. Coach Reuben Ruiz would not venture a prediction but has been drilling his boys hard every afternoon and indications are that the lads will be high for this one and are determined to get back in the win column.

St. Aloysius held Holy Cross to six points last week, losing 6-0. They are rated fifth in the New Orleans area and ninth statewide, Nicholls and Redemptorist, who played the Rocks earlier in the season, are ranked seventh and ninth, respectively, in city competition. The Rock-A-Chaws' pass defense will have its hands full with sharp-shooting Paul Reinhardt and his favorite receiver, end Billy Krummel.

Friday's game is the next to last of the season for the local football squad, the finale being with Bogalusa High Nov. 20 here. Observers believe that with a few good breaks the Rock-A-Chaws could wind up their season with two wins for a 3-7 record.

## Newspaper Makeup Clinic Attended by Echo Staff

Three members of the Sea Coast Echo staff attended an editorial and makeup clinic sponsored by the Mississippi and Louisiana Press Associations at Natchez last weekend with Edmund C. Arnold of New York, editor of Linotype News, as featured speaker.

Attending were Powell Glass Jr., publisher and editor; Mrs. Glass, managing editor, and Elmore Povall, reporter-photographer. Motoring with them to Natchez was Parnell McKay, of the Pass Christian Tarpon-Beacon.

Arnold advocated bolder headlines, bigger pictures and a page with plenty of white space as aids to the sale of weekly newspapers.

Panel discussions at the workshop covered such subjects as Management Policies Affecting Makeup, Establishing Newspaper Leadership by Editorial Expression and Techniques in Community Service.

Facilities were sponsored by the Mississippi Power and Light Co., Natchez Association of Commerce, Southern Bell of Mississippi and of Louisiana and Mississippi Valley Gas Co.
